To register please mail check or money order payable to BRSPS to
Ernst Hofmann
290 Paradise Blvd No 36
Indialantic, FL 32903

This course stresses the diagnosis of modern systems. Gasoline inboards, outboards, and diesel engines are taught in a way that reinforces the common aspects of how engines and their controls work. This course does not teach how to do repairs – it emphasizes how to recognize and troubleshoot symptoms and helps the student explain symptoms to a trained mechanic.

COURSE CONTENT

Chapter 1 What Makes the Boat Go
Chapter 2 Inboard Spark Ignition Engines Part 1
Chapter 3 Inboard Spark Ignition Engines Part 2
